The applicant, his agents and employees shall comply with all the rules, restrictions and requirements of the Municipality and Building Codes governing location, construction and erection of the above proposed work for which the permit is granted. The Municipality or its agents are authorized to order the immediate cessation of construction at any time a violation of the codes or regulations appears to have occurred. Violation of any of the codes or regulations applicable may result in the revocation of this permit.

Buildings **MUST** conform with the plans, as submitted to the Municipality. Any changes of plans or layout must be approved prior to the changes being made. Any changes in the use or occupancy of the building or structure must be approved prior to proceeding with construction.

The applicant is required to call for inspections at various stages of the construction, and in accordance with the aforesaid rule, the applicant shall give the building inspector not less than one day's notice to perform such activities. The permit is automatically void in the event construction is not commenced within 180 days of issuance of this point. Cessation of work for a period of 180 continuous days shall also cause this permit to be void. Permits are not transferable.

I hereby certify that as a contractor I am currently registered and properly licensed as defined in RCW 18.27 OR as property owner/authorized agent, I am exempt from the requirements of the contractor registration and will do all my own work or use properly licensed subcontractors in connection with the work to be performed under this permit. I further certify that I have read and examined this application and know the same to be true and correct. If any of the information provided is incorrect, the permit may be revoked.

## Sign Permit Checklist

### Building & Planning Department

**A completed sign permit application must include all of the following:**

#### **Site Plan:**

- Two (2) copies of a scaled drawing (1" = 20') of the site plan which shows:
  - Property lines
  - Sidewalk and curb
  - Easements
  - Fences
  - Driveways
  - Buildings (length & width)
  - Other relevant site development or site limitations
  - Height & width for all walls that signs will be mounted on
  - Distance from the property lines to nearest edge of the free-standing sign or footing (whichever is closer)

#### **Proposed Sign:**

- Two (2) copies of scaled plans and elevations of the sign work including:
  - Dimensions of proposed sign and sign structure (height & width)
  - Distance from grade to lowest projection of the sign and highest projection of the sign
  - Structural detail
  - Description, drawing, or picture of the sign copy
  - Footing details (Engineered)
  - Method of sign attachment
  - Illumination
  - Specification & calculations for free standing signs

#### **Existing Signs:**

- An inventory of all signs on the site, including:
  - A description of the sign
  - Type of sign
  - Sign dimensions (height & width)
  - Location
- Identify which signs are going to be removed

**\*\*All of the above are required prior to submittal. Incomplete applications will not be accepted.**
