## SPECIAL EVENT PERMIT APPLICATION

The City of Othello has a diverse history of events that put our community on display for all to visit and enjoy. The City of Othello encourages community-based Special Events, as these events build a sense of community, foster civic pride and promote area tourism. A Special Event is defined as a large scale event that requires coordination between a renter, event representative and/or sponsoring group and one or more representatives from the City of Othello, reservation of a park or facility, with an estimated attendance of 150 or more people. Any individuals or groups that wish to hold a Special Event on City of Othello property must be issued a Special Event Permit in order to obtain use of public property on an exclusive basis.

The Special Event Permit is the first step in the Special Event planning process and reserves the indicated City of Othello park or facility for the desired event date(s). Attached is the City of Othello Special Event Permit Application. Please return the completed Special Event Permit Application **no later than thirty (30) business days prior** to the proposed event date. Upon submittal of the Special Event Permit Application, the Event Director will be contacted by City staff to setup a pre-event review meeting. The pre-event meeting will serve to identify any additional permits, licenses, and/or compliance items necessary to complete the Special Event Permit Application as well as provide the opportunity to address questions or matters concerning the Special Event with City of Othello personnel. Additional pre-event coordination meetings may be required as necessary. A Special Event Permit will not be issued until the Special Event Permit Application (including additional compliance requirements) is completed and submitted to the City of Othello, the application is approved by appropriate City departments and/or personnel, and the requested Special Event use of City Property has been granted by the Othello City Council. Upon approval of City Council, **payment must be received no later than three (3) business days after approval**. The Parks and Recreation Coordinator (or other appointed individual) will issue the Event Director a copy of the Special Event Permit via mail or email, in addition to any Othello City Council resolutions or documentation permitting use of the park and/or facility.

Special Event facility use fees are adopted by the Othello City Council and are a compensation for use of facilities and assist in recouping the additional operating costs incurred as a result of use. Special Event facility use fees are based on anticipated event attendance, as this number dictates the amount of services necessary to accommodate those present at the event and the degree of impact to the park or facility. Special Event facility use fees must be paid upon approval of event from City Council. Failure to pay in accordance with these guidelines will result in denied access to City of Othello parks and/or facilities. The City of Othello Special Event facility use fee schedule is listed below, in addition to the Special Event Permit Application. Fees must be submitted to Othello City Hall, 500 E. Main St., Othello, WA 99344. Payment may be made by cash or check payable to the City of Othello. If equipment replacement or additional cleaning/repair is required, it is billed at the cost of personnel time and materials, as determined by the Public Works Director.

**Special Event Facility Use Fees:**      **\$233 per event (anticipated attendance of 150-500)**  
   **\$464 per event (anticipated attendance of 500+)**

The City of Othello and Othello City Council review all requests and make decisions to allow or disallow Special Events based on the following criteria:

- The event has local ties and/or interest.
- The health, safety and risk to participants, the community and the city.
- The proposed event provides a direct benefit to the community.
- The overall impact on street access and closures.
- Consideration provided to the day and date of event to avoid conflicts with other activities.
- Availability of city resources.
- History of the event or event organizers.
- Approvals and support by other agencies.
